Date:-02.03.2022

A free medical woman's health check up camp was organized by Prasuti Tantra- Streerog department on 1<sup>st</sup> March 2022 at Hanuman Temple, Kanchan Nagar, Aurangabad.

Team for this camp included all the departmental staff. P.G. students, interns, nurses, ward boy and class IV staff. Also the local people of Hanuman temple trustee, Kanchan Nagar made it easier for us to set up the camp with a good initiation and smooth continuation.

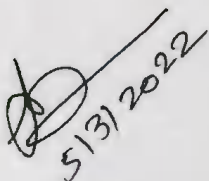

During our camp, we felt that woman's were really suffering due to the lack of even a minor level of health care. The motive of our camp was not only to treat the acute & treatable cases but also to diagnose, screen the chronic cases and consult people about their health condition.

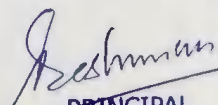

More than 150 women were visited in a day for their free medical check-up. We provided free registration, free medical check-up and even free medicines to all the beneficiaries.
