3.2.1

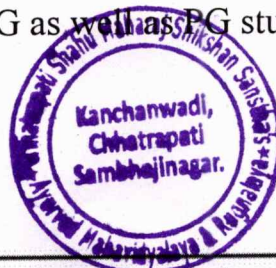

Institution has created an ecosystem for innovations including incubation center and other initiatives for creation and transfer of knowledge.

CSMSS College of Ayurveda has active Innovation cell. Every year students and staff are engaged in various innovative research activities. As per the protocol all the students are informed regarding undertaking of innovations projects. For that purpose Innovation committee has prepared projects proforma. Concerned department who want to undertake projects have to fulfill the proforma and send to Innovation committee. After approval, department works on the innovation projects and submit it after completion.

In the year 2022-2023 total three projects were undertaken by department of Rognidan Vikruti Vigyan, Dravyaguna and Kriya Sharir Department.

Sr no	Name of project	Department	Dt of accomplishment	Evidences
01	Pathophysiology of Different Diseases	Rognidan Vikruti Vigyan Department	May 2023	01
02	Generation of QR code of Medicinal plants.	Dravyaguna	May 2023	01
03	Departmental Projects	Kriya Sharir	August 2022	01

These projects are very useful for UG as well as PG students to enhance their knowledge.

Rognidan Innovation Project

Name of dept. – Rognidan Vikruti Vigyan Department

Project Incharge – Dr. Amale D.J. (Professor & H.O.D. Rognidan Dept.)

Project Guided By – Dr. Amale D J

Dr. Deshmukh A M

Dr. Dharmadhikari B D

Dr. Gaikwad M D

Dr. Hemant Panchade

Dr. Apsingekar Shweta

Date of commencement – 2022

Title of project – Pathophysiology of Different Diseases

Project description –

Aim- To develop innovative approach & Integrated approach of Rognidan Avum Vikruti Vigyan Subject in students in Modern Science point of view. This increases their interest in the subject and promotes creativity and innovation.

Preparation - In our Rognidan Avum Vikruti Vigyan Department we ask students to innovate in syllabus. Students collect data from various websites, books, journals, research papers.. We also ask to submit their data serially in group, which enhances their team work

Material used – colour print on A4 size photo paper

Procedure – Students collect data of their allotted topic and verify it from Teaching staff...then it is finalized in hard and soft copy.

Project of Dravyaguna

NAME OF DEPARTMENT: Dravyaguna

INCHARGE OF PROJECT: Dr.A.M.Ghotankar

DATE OF COMMENCEMENT: January 2023

TITLE PROJECT: QR Codes for Medicinal plants

PROJECT DESCRIPTION:

QR Codes are like barcodes that one can scan to get access to more information on something. QR Codes for Medicinal plants gives access to plant info webpage of complete details of that plant.

For ex. Argavadh plant

Complete information about this plant that is Latin name, Family, Pharmacological properties, uses, Photo are given on one page. One can get all information of plant in one scan.

KRIYA SHARIR PROJECT

NAME OF DEPARTMENT: KRIYA SHARIR

INCHARGE OF PROJECT: DR. FULSE S.D.

DATE OF COMMENCEMENT: 2022-2023

TITLE PROJECT: Developing Research Skills and Gaining Deep Knowledge in kriya sharir.subject.

PROJECT DESCRIPTION:

Introduction:

The aim of this project was to enhance the research skills and deepen the knowledge of 100 students in the field of Kriya Sharir. The project was conducted by dividing the students into 20 groups, allowing for a more interactive and collaborative learning experience. The ultimate goal was to empower the students to conduct independent research and develop a comprehensive understanding of Kriya Sharir.

Methodology:

- 1. Group Formation:** The 100 students were divided into 20 equal groups based on their interests and academic backgrounds. This ensured that each group consisted of individuals with complementary skills and knowledge.
- 2. Independent Research Projects:** Each group was assigned a specific research topic within the broad domain of Kriya Sharir. The students were required to develop research proposals, conduct experiments, collect data, and analyze their findings. They were encouraged to think critically, propose hypotheses, and develop innovative methodologies.
- 3. Regular group discussions** were held to monitor the progress of individual research projects and provide guidance where needed. Each group also had the opportunity to present their findings at the end of the project, allowing for cross-learning and knowledge sharing among all the students.
