SWASTHAVRITTA EVAM YOGA PROJECT

NAME OF DEPARTMENT: SWASTHAVRITTA EVAM YOGA

INCHARGE OF PROJECT: DR. V. N. Puri

DATE OF COMMENCEMENT: 2023-2024

TITLE PROJECT: MUSCLES WITH THEIR ATTACHMENTS & ROLE IN YOGASANAS

PROJECT DESCRIPTION:

Introduction:

This project aimed to enhance students' knowledge about muscle attachments and their role in Yogasan. In this project, 100 students were divided into 20 groups and each group consisted of 4 students working on specific Yogasan and its muscle attachments. The ultimate goal was to enhance the knowledge of anatomical principles in understanding the beneficial effects of practicing Yogasana.

Methodology:

1. Group Formation: The 100 students were divided into 20 equal groups based on their interests and academic backgrounds. This ensured that each group consisted of individuals with complementary skills and knowledge.
2. Independent Research Projects: Each group was assigned a specific Asan. The students were required to gather information related to that particular Asan in classical texts as well as research papers about the posture and benefits of Asan. Collect the information about Yoga Anatomy and muscle attachment related to that Asan. They were encouraged to arrange, compile and demonstrate this information along with the benefits of Yogasan in different organs.
3. Regular group discussions were held to monitor the progress of individual projects and provide guidance where needed. Each group also had the opportunity to present their findings at the end of the project.
