Details of activities towards maintenance of quality

In Ayurveda & in specifically Balrog we conduct following Panchakarma. Mruduvirechana, Basti, Nasya, Shirodhara, Snehan, Swedan, Pindswed etc. For quality treatment following points are noted.

- There is separate male & female Panchakarma section.
- There is good ventilation with all antiseptic precautions during procedures.
- There is separate male & female IPD section after Panchakarma.
- All equipments used in procedures are in well condition, well autoclaved & sterile.
- Medicines are stored in airtight jars.
- All medicines are fresh, collected in recommended Ritus according to Samhita-Grantha.
- Ayurvedokta siddha tailla, ghruta, medicines are prepared according to Samhita-Granth in our Tulasi Pharmacy.
- In this Covid-Pandemic we follow all rules & regulations mentioned by government during each & every procedure.

Details of training content, freq. of training, skill development programme of therapists

- We arrange trainings to therapists after each six months to update the knowledge.
- This above training is given by our staff.
- In this training we give information about specifically Bal-Panchakarma snehan, swedan, pindaswed, shirodhara, nasya, mruduvirechan, matra-basti. Indication, contraindication, poorwakarma, pradhankarma, pashyatkarma, adverse effect, doses of medicines of each panchakarma are explained.
